INNOVATION & TECHNOLOGY

UNDP in collaboration with the Ministry of Finance and FinMark Trust, hosted the first ever Hackathon on innovation for inclusive financial services under the Lesotho Scaling Inclusion through Mobile Money (LSIMM) Project. Here the Hackathon participants are working on their coding after selecting which challenge they will solve regarding mobile money and mobile banking

**Innovative way of making life easy,
baking gets done without baking stove.
The community hands on
baking biscuits on the ground**

After years of being empowered and equipped with project and contract management skills, the GEF SGP funding through UNDP assisted Liphamola Dairy Farm Association and was able to attract the attention of Letseng Diamonds Mine which took the dairy farm to even higher heights turning it into a fully equipped and mechanised multimillion Maloti venture
